To Whom it May Concern;

As a Microsoft user, I find it ludicrous that as a consumer of their products, even if I WAS being damaged by their marketing practices, I WOULD NOT RECEIVE A DIME! But, their main competitors will be "paid off".... Something is wrong with this picture. This suit should NEVER have been brought against Microsoft. It most definately sets a dangerous precedent, for obvious reasons. Please bring this chapter of economic skulldugery to an end, ASAP. This whole witch hunt has been an acute embarrassment for the Justice Department and a drain on the taxpayers of America. Enough, already.

Sincerely,
